

Conserving Energy Badge Requirements.

1. Create a catalogue of occasions I have seen the waste of energy in the past week in my house, school and the environment I live in
2. I reduce the destruction of rubbish that could be recycled for the period of a month.
3. For a period of one month, I change my way of living so that I may reduce the amount of energy I waste in the best possible way.
4. Using a method of my choice, I help my friends and family realise the importance of energy conservation.
5. For a period of one month I live my life without using items that produce chemical pollution in the environment
