

Explorers Badge Requirements.

1. Arrange and carry out an expedition for yourself and at least three other Scouts, preferably Members of your Patrol, of not less than two days' and one night's duration, in country not previously visited.

Note:

The expedition to be carried out on foot. All equipment and food for the expedition is to be carried by those taking part.

2. Plan a project, and submit it to the examiner for approval. Carry it out with a companion, to the examiner's satisfaction. The type of project should be a simple exploration, such as identifying and mapping all footpaths, bridle paths or waterways within a 1.5 kilometer (one mile) radius of a given point.

3. Complete a journey, with a companion, of five kilometers (three miles) by compass bearings only. Six different bearings by degrees are to be used. You may use a map.
